

ADA UNIVERSITY

ENGLISH PROFICIENCY EXAM (EPE)

OVERVIEW OF THE ADA University-EPE

ADA University-EPE is a test designed to assess the English language proficiency level of students who are admitted to the undergraduate program at ADA University, where English is the medium of instruction. The purpose of the exam is: 1) to identify the English language proficiency level of a student and 2) to place him/her correspondingly in the English for Academic and Professional Purposes (EAPP) program.

DESCRIPTION OF ADA University-EPE

ADA University-EPE consists of four parts: English Language Use, Reading Comprehension, Listening and Essay Writing.

I. **English Language Use** section measures students' awareness of English grammar and ability to use correct, appropriate language structures and tenses, vocabulary and discourse markers.

II. **Reading Comprehension** section consists of one-paragraph and multi-paragraph authentic passages taken from academic texts, course books, newspaper and magazine articles. Students read the passages and answer questions about logical connection of the ideas, main and specific ideas, inferences, vocabulary and cohesive devices.

III. **Listening** section includes two parts: 1) listening comprehension and 2) listening, and note taking.

1) **Listening Comprehension** sub-section consists of statements, dialogues, mini talks, interviews and lectures, and questions about them. The questions ask students to deduce the meaning of functional and idiomatic expressions, identify main and specific information, implied meanings, and overall organization.

2) **Listening and Note-taking** sub-section consists of 4-6 open-ended questions to a lecture that students have to answer. You are taking notes on a separate sheet. After the text is spoken, students will receive question-answer sheets and will use their notes to answer the questions.

IV. **Writing** section consists of two tasks, one responding to an article from a newspaper, magazine or an academic text and one independent writing task on a topic discussed in the reading of task one.
