

## Senior Instructor and Consultant

Dr. George R. Sifri, a senior instructor/consultant with Korn Ferry, has more than 30 years of experience in the Project Management industry. He has worked across sectors with multiple clients, including Motorola, HP, Dow Jones, Peoplesoft, Eurotel, and Novartis. Dr. Sifri worked extensively with the BP Projects & Engineering College as the lead developer for its flagship course Project Management Essentials and as a subject matter reviewer for several other courses, including Managing Risks for Projects. Dr. Sifri has delivered BP courses in the United Kingdom, Singapore, China, Egypt, and the United States and has been working with ABB in Saudi Arabia.

For more than 10 years, Dr. Sifri was the head of software development at Consolidated Contractors International, one of the top 16 firms in the construction industry worldwide. In this role, he was in charge of the company's IT systems design and management. He was also responsible for overseeing programming projects, evaluating and selecting the company's software products, and devising software development procedures and training courses.

Dr. Sifri has delivered numerous lectures and training courses on strategic information systems, managing software development, relational databases, electronic document management systems, software risk assessment, information systems auditing, workflow systems, project control systems, document control systems, and knowledge management to practicing professionals across six continents. He is also the author of 10 articles on project management and a member of several professional associations, including the Institute of Electronics and Electrical Engineers and the International Who's Who of Professionals.

Dr. Sifri is certified as a Project Management Professional (PMP)® by the Project Management Institute (PMI)® as well as a PMI® Risk Management Professional (PMI-RMP®). He is also a Certified Information System Auditor™, a Certified Computer Professional, a Certified Cost Engineer, an Earned Value Professional, a Certified Planning and Scheduling Professional, and a Certified Professional Manager.

Additionally, Dr Sifri has master's certificates in project management and IT project management as well as an advanced master's certificate in project management. He holds a bachelor's degree in electrical engineering, a master's degree in engineering management, and a Doctor of Business Administration degree.
