Introduction and Announcements

Nature of Announcements. Announcements contained in this publication are subject to change without notice and may not be regarded as binding obligations to the University. The University reserves the right to change any provisions or requirements. Only the Chief Academic Officer or designee can approve changes to the Catalog except where otherwise stated within.

When students matriculate with ADA University, they come under the academic requirements of the edition of the Catalog at that time. Students may graduate under these academic requirements even though subsequent Catalogs may change. Academic requirements include competency requirements, general education requirements, grade point average requirements, major course requirements, overall unit requirements and related curriculum matters. Grading practices, tuition, fees, and other matters are not considered to be “academic requirements” and are subject to change at the discretion of the University. Should new changes be to their advantage, undergraduate students may graduate under the conditions of the newer catalog.

Student Responsibility for Catalog Information. Students are held individually responsible for the information contained in the Undergraduate and Graduate Catalogs. Failure to read and comply with University regulations will not exempt students from whatever penalties they may incur.

Brief History of ADA University

ADA University was established under decree dated January 13th, 2014, by the President of the Republic of Azerbaijan. The University is a state higher education institution engaging in the delivery of undergraduate and graduate degree programs in addition to the advancement of fundamental and applied research.

The University is the legal heir of the Azerbaijan Diplomatic Academy (ADA) and the Information Technologies University. They were merged in January 2014 to establish ADA University.

Founded on March 6, 2006, the Azerbaijan Diplomatic Academy began offering Advanced Foreign Service Program to diplomats of the Ministry of Foreign Affairs and civil servants in the government, as of January 2007. The Academy launched its first Master of Arts in Diplomacy and International Affairs in September 2009, followed by two bachelor's degree programs in International Studies and Business Administration in September 2011. The Academy expanded to a new "green" and "smart" campus in the City of Baku in September 2012.

Currently, the University's academic enterprise includes the School of Public and International Affairs, School of Business, School of Education, School of Information Technologies and Engineering, School of Law, School of Design and Architecture and School of Agriculture and Food Science. Across all these schools, the University offers 12 undergraduate degrees and 12 graduate degrees.

Mission, Vision and Values

Our mission is to cultivate highly intellectual solution providers who are closely collaborating, effectively communicating members of global community with ethics and sense of citizenship.

To achieve this mission, ADA University continually strives to be a world class Azerbaijani university with an excellence of “müəllim and alim” in an innovative learning culture.

Our core values are:

1. Academic excellence and freedom
2. Accountability and shared governance
3. Honor, integrity and transparency
4. Diversity, collaboration and communication
5. Social responsibility

Honor Code

ADA University is a community of students, staff, faculty and administrators, united by the common goal of promoting excellence in education, research, and service. ADA University strives to provide state-of-the-art facilities and a supportive environment for its community members to engage in an inspiring and dynamic learning process. The University places a high value and emphasis on the academic success and achievements of its community members. However, this must be obtained in an environment guided by academic honesty, integrity, and with a commitment to personal and mutual accountability. The University's philosophy is centered on the idea that academic integrity and honesty should be promoted not by use of sanctions and threats, but rather by instilling an academic culture grounded by these values. The Honor Code contains a list of academic rules and procedures essential to guide the conduct of students, staff, faculty, and administrators alike. The sanctions contained in this guide are intended only as a last resort, allowing ADA University to defend itself and its reputation against violations of these generally accepted standards of proper academic conduct.

Principles of Academic Honesty and Integrity

- a. Do Not Lie! Purposefully providing false information by lying, falsifying, deceiving, or fraud is unacceptable behavior at ADA University.
- b. Do Not Cheat! Violating rules of examinations, tests and other assignments as well as accepting unauthorized help is not acceptable behavior at ADA University.
- c. Do Not Plagiarize! Using someone else's intellectual or physical work without giving proper credit to the author or submitting the same paper for two or more classes without receiving prior consent from the necessary authorities, is not acceptable behavior at ADA University.
- d. Do Not Discriminate! Discrimination based on race, gender, ethnicity, religious affiliation, sexual orientation, or disabilities is not acceptable behavior at ADA University.
- e. Do Not Help Others Violate These Principles!

For more information, please see the Honor Code attached herewith.

Academic Calendar

ADA University operates on an academic year divided into two equal semesters and a summer term.

- The Fall Semester commences the first Monday of September and continues for 15 weeks of instruction.
- The Spring Semester commences the third Monday of January and continues for 15 weeks of instruction.
- The Summer Term commences the fourth Monday of May and continues for 6 weeks of instruction.

English for Academic and Professional Purposes Program (EAPP) follows the same calendar as the degree programs. For EAPP, Fall and Spring Semesters have two (2) sessions, each with 7.5 weeks of instruction, while Summer Term has one (1) session with 6 weeks of instruction.

- Adjusted “Part of term” dates will be added to Academic Calendar and published on ADA University website.

2024-2025 ACADEMIC CALENDAR	
FALL semester, 2024	
September 9, 2024	Graduate and Undergraduate classes begin.
September 18, 2024	Last day to add/drop classes without penalty
November 8, 2024	Zəfər günü – Holiday, NO CLASSES
November 9, 2024	Flag day – Holiday, NO CLASSES
November 11, 2024	Flag day OBSERVED – NO CLASSES
November 12-22, 2024	COP 2029. Classes in Baku are held online.
November 13, 2024	Midterm grades due
November 16, 2024	Last day to withdraw from classes
December 21, 2024	Last day of classes
December 22-23, 2024	Reading period
December 24, 2024 – January 7, 2025	Final exams
December 31, 2024 – January 6, 2025	New Year Holidays, NO EXAMS
January 11, 2025	Final Grades Due
SPRING semester, 2025	
January 21, 2025	Graduate and Undergraduate classes begin.
January 30, 2025	Last day to add/drop classes without penalty
March 8, 2025	International Women's day – Holiday, NO CLASSES
March 10, 2025	International Women's day OBSERVED – NO CLASSES
March 20-24, 2025	Novruz Holiday – NO CLASSES
March 25-26, 2025	Novruz Holiday OBSERVED – NO CLASSES
March 30-31, 2025	Ramazan Bayram – NO CLASSES
April 1, 2025	Ramazan Bayram OBSERVED – NO CLASSES
April 2, 2025	Midterm grades due
April 5, 2025	Last day to withdraw from classes
May 9, 2025	Qələbə günü – Holiday, NO CLASSES
May 10, 2025	Last day of classes
May 11-12, 2025	Reading period
May 13-22, 2025	Final exams
May 26, 2025	Final Grades Due
June 19, 2025	Commencement Ceremony
SUMMER term, 2025	
May 26, 2025	Summer term classes begin.
May 28, 2025	Republic day – NO CLASSES
May 31, 2025	Last day to add/drop classes without penalty
June 5-6, 2025	Gurban Bayram – NO CLASSES
June 16, 2025	National Salvation day OBSERVED– NO CLASSES
June 18, 2025	Midterm grades due
June 21, 2025	Last day to withdraw from classes
June 26, 2025	National Army day – NO CLASSES
July 5, 2025	Last day of classes
July 5-6, 2025	Reading period
July 7-12, 2025	Final exams
July 16, 2025	Final Grades Due

Academic Policies and Procedures

This section summarizes the body of academic regulations in place at ADA University for the conduct of undergraduate and graduate education.

Students are held individually responsible for the information contained in the University Catalogue. Failure to read and comply with University regulations will not exempt students from whatever penalties they may incur.

Based on a compelling rationale, a petition for an exception may be made with respect to a specific academic regulation by a student or faculty member. Such a petition should be directed in writing to the Dean of a respective academic unit, which will, then, be forwarded to the Vice Rector of Academic Affairs or designee for consideration.

Academic Progress Toward Degree Completion

To maintain academic progress toward degree completion, students are to maintain a certain GPA.

Undergraduate students are to maintain a 2.00 cumulative GPA, as well as a 2.00 GPA in their major.

Graduate students are to maintain a 2.75 cumulative GPA.

A Withdrawal (W) in a course constitutes an attempt but not a completion of the course and can adversely impact the student's progress toward degree completion.

Students who are not achieving these requirements may be subject to a probation or dismissal.

Good Academic Standing

Undergraduate students are in Good Academic Standing if their cumulative GPA is 2.00 or higher and have no other barrier to enroll in classes.

Graduate students are in Good Academic Standing if their cumulative GPA is 2.75 or higher and have no other barrier to enroll in classes.

Undergraduate Continuance Regulations

At the end of each semester – Fall and Spring – the academic advisor will review the records of all students who do not maintain a 2.00 grade point average (GPA) and will act according to the following policies, which are summarized below.

Academic Probation

An undergraduate student is placed on academic probation if the student's cumulative GPA falls below 2.00 at the end of a semester. Students who achieve a cumulative GPA of at least 2.00 are restored to good academic standing. Undergraduate students on academic probation are required to adhere to the following rules:

- a. They must take one course less than their standard course load for the respective semester.
- b. They are strongly recommended to repeat failed courses provided that the courses are offered.
- c. They must regularly meet with their Academic Advisor.
- d. They must participate in a student success program.

EAPP Continuance Regulations

EAPP students are expected to receive an overall grade of "C" (73%) and above for the level. If an EAPP student receives an overall grade below "C" (73%), that student must repeat the entire level.

Academic Probation

An EAPP student, except in Level 1, will be placed on academic probation for one session/semester, if that student's grade for the previous session/level was below "C" (73%) and he/she repeats the entire level.

Academic Dismissal

Failure to achieve an overall grade of "C" (73%) or above for the level at the end of the academic probation will result in academic dismissal from the University.

The total study period in EAPP may last for a maximum of two years. If a student fails to achieve the required level in two subsequent academic years, or during a probation period, he/she will be dismissed from the University. A student may apply for readmission to ADA University after the completion of one semester after dismissal. Readmission applications are evaluated based on the total record of the student and consistent with the admission practices in effect at the time of application. A student who is readmitted is governed by the academic and financial requirements and Catalogue in effect at the time of re-admission. Students who were dismissed after Honor Code or Student Code of Conduct violation or with the score below D (60%) are not eligible for readmission. Students eligible for readmission must apply for readmission to degree program one semester after dismissal by submitting the required

IELTS/TOEFL/PTE/Duolingo exam results.

Graduate Continuance Regulations

At the end of each semester – Fall and Spring – the Graduate Program Advisor will review the records of all students who do not maintain a cumulative 2.75 grade point average (GPA) and will act according to the policies summarized below.

Academic Probation

A graduate student is placed on academic probation if the student's cumulative GPA falls below 2.75 at the end of a semester. Graduate students cannot be placed on academic probation for more than two consecutive semesters. Following two consecutive semesters of academic probation, a student will be permanently dismissed if the cumulative GPA remains below 2.75. Students who achieve a cumulative GPA of at least 2.75 during the period mentioned above are removed from academic probation and placed in good academic standing. Graduate students who fail to achieve a cumulative GPA of at least 2.00 at the end of the first academic year will be permanently dismissed. If they are enrolled in a degree program that requires them to attend courses during the Summer term, they will be dismissed after the Summer term of the first academic year if their cumulative GPA is below 2.00. A graduate student on academic probation may not enroll in more than 18 credits per semester of attendance (no more than 12 credits in the summer term).

If a student is assigned an Incomplete grade and the final assigned grade brings that student's cumulative GPA below the required level, the student will be placed on academic probation at the end of the semester.

Academic dismissal is permanently recorded on the transcript.

Cumulative Grade Point Average

Computation of the cumulative grade point average includes only those in-residence courses taken for conventional grades (A, A-, B+, B, B-, C+, C, C-, D+, D, F, or FX).

The following courses are not included in the grade point average: courses taken on a pass/fail basis, courses numbered below the 1000 level, and courses with an Incomplete grade.

Credits accepted upon transfer from other institutions are included in the total number of credit hours applicable to degree requirements, grades earned in such courses are recorded on the permanent record at ADA University, but are not used in computing the average needed for graduation.

GPA's will not be rounded for purposes of evaluating academic progress toward degree completion of academic standing (e.g., a cumulative or semester GPA of 1.99 will not be rounded to 2.00).

Degree Requirements

Students are expected to graduate under the Catalogue in effect at the time of their first enrolment. The Catalogue year is the year student starts the degree program. Students may not “tailor make” their own degree requirements by selecting partial requirements from more than one catalogue.

Evaluation of Academic Performance

Judgment regarding standards of evaluation for a student's academic performance is a faculty responsibility. Students should consult the policy on Student Academic Grievances for any matters of concern. No single grading component of courses taught at ADA University shall exceed the 40% of the overall course grade.

Student Academic Grievances

In cases of complaint or disagreement over academic matters not resolved by consultation among the parties, the University provides the student the right to initiate a grievance procedure, as described in the Student Academic Grievance Policy, attached herewith.

Student Enrolment Status

Degree Students

Undergraduate students are considered full-time if enrolled for at least 30 credit hours in a Fall or Spring semester.

Graduate students are considered full-time if enrolled for at least 18 credit hours in a Fall or Spring semester of their first year and at least 24 credits in a Fall or Spring semester of their second year. Students must choose their part-time/full-time status before the end of add/drop period in their first year Fall or Spring term. Change of enrolment status beyond the add/drop period of the first year's Spring term is not allowed.

To register for more credit hours (overload), students must receive permission from their academic unit.

Undergraduate students must have completed at least 30 credit hours and have at least 3.00 cumulative GPA to carry an overload. Overload at undergraduate level is considered as one additional course to the normal load in the relevant semester. Only students in the last year of their studies may take one course overload provided that they have good standing.

Graduate students must have completed at least one semester and have at least 3.50 cumulative GPA to carry an overload. Overload in graduate level is considered as one additional course to the normal load in the relevant semester. Only students in the last year of their studies may take one course overload provided that they have good standing.

Non-degree Students

Non-degree enrollment status is designed for students who wish to take courses offered by ADA University but either do not plan to pursue a degree or are not yet enrolled at ADA University as full-time students.

Non-degree students are allowed to register for no more than 30 credits in total and no more than 12 credits in one semester.

Non-degree enrollment status does not require a formal admission process. However, the University reserves the right to evaluate the applicant's English language skills, academic background, work experience and community involvement to determine their ability to maintain the standards of academic and professional conduct expected at ADA.

Students who want to apply for non-degree status must contact the Office of Admissions and Student Records.

- All non-degree students register on a space available basis.
- Non-degree students are given grades for the courses taken at ADA University,

reviewed according to ADA standards of good academic performance, and provided with academic records.

- In case of admission to ADA University degree programs, non-degree students may transfer earned credits according to ADA University credit transfer policy. Such credits can be used for degree if completed no more than 2 years before the admission.
- Non-degree students are charged based on effective financial policies.

Enrolment as a non-degree student does not guarantee acceptance into a degree program.

Student Class Standing

Class standing is determined by the total number of credits that students have earned, with adherence to the policies for repetition of courses, including graded courses at ADA University, or transferred courses.

Credits that are not included in calculating class standing are credits not completed (N, I), or credits not accepted through transfer, examination, or experiential learning.

The following is the range of hours for undergraduate class standing.

First Year: 0-59 credit hours
Second Year: 60-119 credit hours
Third Year: 120-179 credit hours
Fourth Year: 180-240 credit hours or more

The following is the range of hours for graduate class standing:

First Year: 0-41 credit hours
Second Year: 42-90 credit hours and more

Course Levels

0999 Non-Credit Courses

1000 Undergraduate first level courses

2000 Undergraduate second level courses

3000 Undergraduate third level courses

4000 Undergraduate fourth level courses

5000 Graduate Courses that are core graduate courses and courses of general importance in the field.

6000 Graduate Courses that are advanced courses for the master's degree in the field of study.

Undergraduate Students with Senior Standing taking graduate courses

Undergraduate degree-seeking students with fourth year class standing and a 3.00 or better cumulative grade point average may be allowed to take up to 12 hours of graduate course work for undergraduate credit during their tenure at undergraduate level, upon approval of their advisor and the Dean. The graduate credit may be used as a substitution for required undergraduate courses only with the approval of the advisor and the Dean of the student's undergraduate program. All graduate hours applied to the undergraduate degree will be counted in the undergraduate grade point average, will appear on the undergraduate transcript, and will be used to determine graduation with honors.

Students may transfer these credits to their graduate program at ADA University within 2 years after the course was taken. The general transfer rules apply in this case.

Registration

Initial Course Registration

Students are responsible for identifying implications for their satisfactory academic progress and enrolment status at the University, including impact on financial aid, which results from any change in registration. Students may consult with Academic Advisors to better understand issues of registration and its impact.

Students are also responsible for verifying that all changes in registration are reflected in their official student record.

Students must be registered to participate in a class. Before registration, students should plan their program with their academic advisor.

Add-Drop Period

The add/drop period is the first 10 days of the semester or the equivalent for summer terms. During the add/drop period, students may add or drop courses or change course sections, except when academic unit or teaching unit explicitly prohibits it, without penalty or notice on their transcript.

Drop or Withdraw from a Course

Dropping a course results in no record of the course on the student's academic transcript. Withdrawing from a course results in a W recorded on the student's academic transcript. In both cases, the cumulative GPA is not affected.

Drop a Course

Students may drop courses except for the last course, on the student portal before the tenth day of classes.

If a student wants to drop all courses before the end of add/drop period and does not enroll in any other courses, the student must contact advisor for a leave or separation from the University. Discontinuation of attendance at a class or notification to the instructor is not sufficient to constitute an official drop from all courses. Occupied University housing must be vacated promptly by students who drop all classes.

Withdraw from a Course

After the end of add/drop period or the equivalent for the summer term, students may withdraw from a course up until the end of the tenth week of the semester or the equivalent for summer term by requesting the course withdrawal on Banner SIS. Some additional restrictions on course withdrawals may apply to specific academic programs and international students. Additional restrictions may also apply to courses used to satisfy the University minimum requirements.

When students withdraw before the end of the tenth week of the semester or equivalent for other terms, a grade of “W” is entered for that course. Discontinuation of attendance at a class or notification to the instructor is not sufficient to constitute an official Withdrawal. The withdrawal policy may not apply if a student has been charged with a violation of the Honor Code or Student Code of Conduct.

A student may not withdraw from a course after the tenth week of class.

Students may withdraw from no more than four courses during their tenure at the University and no more than one course per semester. Undergraduate students on probation may withdraw from two courses per semester.

Interruption of Studies Due to Temporary Leaves

A temporary leave is an interruption in studies from the University for a specified period after which the student is expected to return. A Temporary Leave is initiated by the student in consultation with the student's academic unit.

There are four kinds of temporary leaves:

- general,
- medical,
- military,
- trauma and bereavement leave.

Medical leave covers only personal health reasons. Family health reasons are covered under a general temporary leave.

Students on temporary leave are not registered with the University; therefore, their use of ADA University facilities will be limited to those privileges granted to the public. Students are responsible for understanding the implications of a temporary leave for housing, financial aid and progress toward the degree. International students are advised that taking a temporary leave may affect their student visa status and should consult with the Office of International Students in the Office of Student Services.

Students who do not return at the end of the leave will be automatically separated from the University. Separated students must apply for readmission and must meet current admission criteria and program requirements.

Students may not take more than two years of leave.

General Temporary Leave

Students desiring a Temporary Leave should meet with their academic advisor and fill out Temporary Leave Request form. The academic unit will approve or deny the Temporary Leave request and will notify the Office of Admissions and Student Records when Temporary Leave is granted. Students must request the leave no later than the end of add/drop period in the semester in which the leave will begin.

The Temporary Leave becomes void if the student attends any domestic or foreign college or university during the period of leave, unless the student obtains a Permit to Study at Another Institution or a Medical Permit to Study from the academic unit.

Medical Temporary Leave

Students must request a medical leave of absence through their academic advisor and by filling out Temporary Leave Request form. The duration of a Medical Temporary Leave may be for up to one year for personal health reasons. The student should provide medical documentation

that supports the requested action together with the form. The approved form will be forwarded for the verification to the Office of Admissions and Student Records.

Student who requests Medical Leave after the end of course withdrawal period will receive Incomplete grades from all courses. Such student may resume studies only after resolving all of his/her incomplete grades based on Incomplete grade policy.

When the student is ready to resume studies, the student must submit Resume of Studies form to the Office of Student Records and Registration.

Military Temporary Leave

Students may be required to leave the University to fulfill military obligations. In the instance of such absences, students must inform their academic advisor and submit the Temporary Leave Request form with a copy of their military orders to the Office of Student Records and Registration.

Students may resume their studies at the University if arrangements are made for their return within the first six months following the end of their absence and if the University still offers the degree program. They may continue to work for the same degrees in which they were enrolled at the interruption of their studies in accordance with the regulations in effect at the time they left.

Trauma and Bereavement Policy

In the event of a personal tragedy or trauma, students may need to coordinate alternative arrangements to complete coursework. Students or their authorized representative may contact the academic unit. If students think it is not in their best interest to complete the semester or to return to campus the next semester, they may elect to take a Temporary Leave or separate from the University.

Special Course Types

Courses Taken for Audit

Students do not receive credit for audited courses. Students can take maximum 2 audit courses per semester. Auditing a course during the Summer term is not allowed.

Faculty may establish standards of class participation and/or attendance for auditing students. When a student fails to meet those standards for auditing a course, the instructor will assign the grade of ZO (administrative withdrawal from audit).

Master Theses and Capstone Projects At the beginning of their second year, graduate students require a minimum cumulative GPA of 3.50 to be eligible to enroll in the course Master Thesis I. All other students will enroll in the course Capstone I. Students who successfully complete the course Master Thesis I will write a Master Thesis during their last semester. Students who successfully complete the course Capstone I, and students who fail to pass the course Master Thesis I will complete a Capstone Project during their last semester. Students who fail to complete the course Capstone I must repeat the course. Graduate programs of the School of Business and the School of IT and Engineering may have different regulations, which will be specified in the descriptions of the respective programs.

Most of the University's graduate programs require that Master Theses are graded on a Pass/Fail basis (P or FZ; exceptions are specified in the descriptions of the respective programs)

Internships and Career Development Skills for Undergraduate and Graduate Students

Qualified, undergraduate degree-seeking students in all full-time programs must enroll in credit-bearing Internships with Career development course built in them, which are part of the student's studies at ADA University.

Undergraduate students enroll in Career Development Skills and Strategies course during their third year of study. To enroll in Internships, undergraduate students must have completed 120 earned credits, while graduate students must have completed at least 36 credits at the University. Credit hours assigned for undergraduate Career Development Strategies and Skills course is set at 6 ECTS. Internship is a required part of the course to be taken in either Spring or Summer terms of the same Academic year. Students failing Career Development Strategies and Skills component are subject to the retake of the course before progressing into the credit-bearing Internship. Students failing the Internship component of the course should retake only required internship part by completing minimum requirement of 120 hours of work.

General requirement for undergraduate degree students for the credit-bearing internship is - minimum of 120 hours over minimum 4-6 weeks are required for each internship.

Graduate degree-seeking students in all full-time programs of the School of Public and International Affairs, and the School of Education have credit-bearing Internship offered to them as a Technical elective within their programs of study at ADA University.

Graduate Credit-bearing internship course as a Technical elective is set at 6 ECTS. General requirement for the credit-bearing internship is - minimum of 180 hours over minimum 5-6 weeks including in-class Internship seminar hours.

All students, with the permission of their instructors, may vary their scheduled hours if they meet the total minimum requirement by the end of the term. Students who elect to work more than the minimum may do so, without any impact on the credit hours. Internships can be paid or unpaid consisting of work assignments with a significant experiential component under the guidance of an ADA University instructor. Instructor and teaching unit approvals are required for internships. An important component of any internship is the availability of an internship placement opportunity that will provide sufficient substantive work to merit academic credit. To receive academic credit, the work for the internship must be more substantive than administrative, with non-administrative work comprising in general at least sixty percent (60%) of the work performed. The course instructor must provide the student an academic syllabus with clear learning outcomes for the course and internship, communicate regularly with the student, and require assignments designed to provide a foundation and support for the internship. The assigned faculty mentor is responsible for the assessment of the student's internship performance, which must include an assessment by the workplace supervisor. The workplace supervisor's assessment can count for no more than half the final grade. The academic component of the course must be valued as at least half of the final grade.

Internships and undergraduate Career Development Skills and Strategies (CDSS) course are graded as Pass/Fail. Detailed Guidelines and Forms for the Credit-bearing internship will be provided within the CDSS course by the School Career Advisor to all undergraduate students. Graduate students taking internship as a Technical elective should be provided with detailed program and syllabus of the course within in-class seminars by the course Instructor.

Substituting Courses

In cases where repeating a failed course or taking a course from Program of Study is not possible due to discontinuation of a course, a student may petition to substitute one course for another, as long as the course content is significantly similar. The substitute course must be at the same level as the original course. Lower level courses may not be used to substitute for upper level courses.

The student's academic advisor and the Dean of the student's program must approve of the substitution by signing the Course Substitute form. If approved, the grade in the new course taken will be included in the GPA calculation. In case of a repeat of a discontinued course the grade of the first course taken will remain on the transcript with an asterisk and will be excluded from the GPA and earned credit calculation. The grade for the substitute course will be included

in the GPA and earned credit calculation.

In cases when a course is discontinued, and substitution is not possible, the course requirement can be waived upon the approval of Academic advisor and the Dean. A course waiver does not decrease the overall credit requirements for graduation.

Separation or Suspension from the University

Voluntary Separation

Students in good academic standing wishing to separate from the University the following semester must notify the Office of Admissions and Student Records and may do so at any time up to and inclusive of the last day of classes, provided their academic progress during the semester does not result in academic dismissal.

A student who is considering separating from the University should consult with the academic unit as soon as possible to determine whether there are other more viable alternatives.

A separation can be initiated by the student or a representative of the University.

Separations requested after the last day of instruction or by students on academic probation will only be approved by the academic unit if the student's academic progress does not result in academic dismissal.

A separation from the University results in the loss of active student status.

Students who are eligible to enroll in courses for a semester, but who do not enroll, will be separated from the University.

Following a separation, students in good academic standing, on probation 1 and with no academic standing can apply to the University admissions office for re-admission in the following year and regain active student status. Students who separate from the University after the end of course withdrawal period may only resume their studies after completing one semester away from university. Students who separate from the University and are subsequently readmitted, will not be readmitted again after they separate from the University second time for any reason.

Involuntary Non-Academic Suspension

The University may suspend a student from the University for an interim period pending disciplinary or criminal proceedings or medical evaluation regarding behavior relevant to such proceedings.

The interim suspension will be effective immediately without prior notice whenever there is evidence that the continued presence of the student at the University poses a substantial and immediate threat to him or herself, to others, or to the stability and continuance of normal University functions. Interim suspension excludes students from university premises and other privileges or activities.

Student Records and Registration

The Office of Admissions and Student Records ensures the integrity, accuracy and security of all academic records of current and former students; facilitates effective student registration and enrolment; builds and manages secure student data files and sets policy and procedure for their responsible use; maintains up-to-date course schedules, catalogs, final examination schedules; manages efficient use of classrooms; and supervises and maintains the Banner Student Information System.

The Office of Admissions and Student Records processes the articulation of transfer credits, graduation and certification of baccalaureate and master's degrees, enrolment and degree verification, production of official transcripts, diplomas and commencement ceremonies. The Office of Admissions and Student Records counsels and advises students, faculty, and staff on academic matters; and interprets and enforces policies and regulations of the University and national educational standards.

The Office of Admissions and Student Records is responsible for:

- Managing Student Information Systems (Banner Student System and Power Campus [legacy])
- Interpretation and enforcement of University academic policies
- Preparing academic documentation in accordance with legislation of Azerbaijan
- Preparing academic reports for the government agencies
- Collaborating with all university units to facilitate and improve academic service
- Academic registration, add/drop and withdrawal process
- Academic scheduling
- Scheduling of the final examination
- Reserving classrooms for special meetings, etc.
- Preparing the University calendar
- Certifying University degrees
- Certification of eligibility for honors
- Providing student-related information to University offices and departments
- Security of student records
- Transcript service
- Academic advising support
- Verification of application for major records and transfers
- Assisting in curriculum development and modification
- Noting exceptions to academic policies, including academic records, course substitutions, grade changes, and overload approvals
- Coordinating of the grade appeal process
- Monitoring student leaves and withdrawals
- Assisting in the development of annual enrolment goals

The Office of Admissions and Student Records intends to serve all students—prospective, current and former. Please contact us either electronically or in person for additional information.

Academic Forms

The following forms are available from the Office of Student Records and Registration. A form must be printed, filled out and signed to become official.

Forms may be scanned and emailed to the Office of Admissions and Student Records at records@ada.edu.az

Course Substitution Form

Credit Transfer Form

Course Waiver Form

Grade Appeal Form

Grade Change Form

Incomplete Grade Form

Name Change Form

Resume of Studies Form

Readmission Form

Second Career Declaration Form

Programs of Study

Definitions

A prerequisite - is a course that must be completed prior to enrolling in a specific course. Generally, the prerequisite course is taught at a lower level and covers theories and skills that student will be expected to know before taking the higher-level course. Example, It is required to complete CSCI 1101 - Programming Principles I with minimum B- or CSCI 1202 - Programming Principles II with minimum D grade for being eligible to enroll in CSCI 2304 - Data Structure & Algorithms course.

A corequisite - is a course that must be taken simultaneously in order to enroll in another course. Example, PHYS 1201 - Physics I course is a corequisite of PHYS 1201L - Physics I Lab. Therefore, these two courses must be taken at the same time.

An anti-requisite - is a course with substantially overlapping content as another course and therefore, prevents student from taking that course for which is stands as an anti-requisite. Example, STAT 2301 - Business Statistics course is anti-requisite of STAT 1101 - Introduction to Statistics course. Therefore, student who should take STAT 2301 - Business Statistics course as part of their Program of study requirement cannot enroll in STAT 1101 - Introduction to Statistics course.

Second Career Track

Second career tracks are available for all ADA University undergraduate students without any program limitation. Students must complete all courses indicated in the options and meet the minimum grade requirements in order to be eligible for receiving second career track.

The following options are available.

School of Business

Second Career Track in Business Administration

Minimum of **36 ECTS** required from the following courses for **BSE** and **non – SB** students:

1. BUSA 1100 Fundamentals of Business
2. MGMT 2300 Organizational Behavior
3. MRKT 2400 Principles of Marketing
4. BUSA 3600 Entrepreneurship
5. At least 12 ECTS from any 3000-level and/or 4000-level course listed in the BBA curriculum. These may include either major core or/and technical elective courses.

Minimum of **30 ECTS** required from the following courses for **BSF** students:

1. BUSA 1100 Fundamentals of Business
2. MGMT 2300 Organizational Behavior
3. MRKT 2400 Principles of Marketing
4. BUSA 3600 Entrepreneurship
5. At least 6 ECTS from any 3000-level and/or 4000-level course listed in the BBA curriculum. These may include either major core or/and technical elective courses.

Second Career Track in Economics

Minimum of **36 ECTS** required from the following courses for **BBA** and **non – SB** students:

1. ECON 2301 Intermediate Microeconomics
2. ECON 2402 Intermediate Macroeconomics
3. ECON 3501 Econometrics I
4. ECON 3602 Econometrics II
5. At least 12 ECTS from any 3000-level and/or 4000-level course listed in the BSE curriculum. These may include either major core or Major Electives.

Minimum of **30 ECTS** required from the following courses for **BSF** students:

1. ECON 2402 Intermediate Macroeconomics
2. ECON 3500 International Trade
3. ECON 3600 Game Theory
4. At least 12 ECTS from any 3000-level and/or 4000-level course listed in the BSE curriculum. These may include either major core or Major Electives.

Second Career Track in Finance

Minimum of **30 ECTS** required from the following courses for **BBA** students:

1. FINC 3500 Financial Statement Analysis
2. FINC 3601 Financial Modeling
3. FINC 4704 Banking
4. At least 12 ECTS from any 3000-level and/or 4000-level course listed in the BSF curriculum. These may include either major core or Major Electives.

Minimum of **30 ECTS** required from the following courses for **BSE** students:

1. FINC 2400 Principles of Finance
2. FINC 3600 Financial Investments
3. FINC 4700 Corporate Finance
4. At least 12 ECTS from any 3000-level and/or 4000-level course listed in the BSF curriculum. These may include either major core or Major Electives.

Minimum of **36 ECTS** required from the following courses for **non-SB** students:

1. FINC 2400 Principles of Finance
2. FINC 3600 Financial Investments
3. FINC 4700 Corporate Finance
4. At least 18 ECTS from any 3000-level and/or 4000-level course listed in the BSF curriculum. These may include either major core or Major Electives.

School of Public and International Affairs

Second Career Track in International Studies

Minimum of 36 ECTS required from the following courses:

1. POLS 1100 Introduction to International Relations

2. LAWP 3500 Public International Law
3. POLS 2400 Theories of International Relations
4. POLS 3600 International Political Economy
5. POLS 3601 Foreign Policy Analysis
6. At least 6 ECTS from any 3000-level and/or 4000-level course listed in the BAIS curriculum. These may include either major core or/and technical elective courses.

Second Career Track in Public Affairs

Minimum of 36 ECTS required from the following courses:

1. PUBA 1100 Introduction to Public Affairs
2. LAWP 2300 Law and Public Affairs
3. PUBA 2400 Organizational Behavior
4. PUBA 3601 Public Finance and Budgets
5. PUBA 3602 Policy Analysis and Program Evaluation
6. At least 6 ECTS from any 3000-level and/or 4000-level course listed in the BAIS curriculum. These may include either major core or/and technical elective courses.

Second Career Track in Law

36 ECTS required from the following courses:

1. PBLW 1101 Foundations of a Legal System
2. PBLW 1100 Constitutional Law
3. PRLW 1200 Foundations of Civil Law
4. PBLW 1200 Administrative Law
5. PBLW 1201 Criminal Law
6. PCLW 2300 Civil Procedure

School of IT and Engineering

Second Career Track in Computer Science

Minimum of **36 ECTS** required from the following courses for **non-SITE students**:

1. CSCI 1101 Programming Principles I
2. CSCI 2406 Computer Organization and Architecture
3. CSCI 3613 Artificial Intelligence
4. CSCI 2304 Data Structures & Algorithms
5. CSCI 2407 Theory of Computation
6. 6 ECTS must come from any SITE/CSCI course listed in the third or fourth year of the BSCS curriculum. These may include both major core and technical elective courses.

Minimum of **24 ECTS** required from the following courses for **CE** and **IT** students:

1. CSCI 2407 Theory of Computation
2. CSCI 3612 Object Oriented Analysis and Design
3. CSCI 3613 Artificial Intelligence
4. 6 ECTS must come from any technical elective course listed in the fourth year of the BSCS curriculum.

Second Career Track in Computer Engineering

Minimum of **36 ECTS** required from the following courses for **non-SITE students**:

1. CSCI 1101 Programming Principles I
2. MATH 1101 Discrete Structures
3. ENCE 2301 Digital Logic Design
4. CSCI 2406 Computer Organization & Architecture
5. ENCE 3608 Introduction to Embedded Systems
6. 6 ECTS must come from any SITE/ENCE course listed in the third or fourth year of the BSCS curriculum. These may include both major core and technical elective courses.

Minimum of **24 ECTS** required from the following courses for **IT** students:

1. ENCE 2301 Digital Logic Design (needs to be taken as prerequisite for the next course)
2. CSCI 2406 Computer Organization & Architecture
3. ENCE 3608 Introduction to Embedded Systems
4. MATH 2305 Ordinary Differential Equations
5. ENCE 4710 Signal Processing
6. ENCE 4833 Mobile Robotics
7. ENCE 4731 Microprocessor Systems

Minimum of **24 ECTS** required from the following courses for **CS** students:

1. MATH 2305 Ordinary Differential Equations
2. ENCE 3608 Introduction to Embedded Systems
3. ENCE 4710 Signal Processing
4. ENCE 4833 Mobile Robotics
5. ENCE 4731 Microprocessor Systems

Second Career Track in Information Technology

Minimum of **36 ECTS** required from the following courses for **non-SITE students**:

1. CSCI 1101 Programming Principles I
2. CSCI 2304 Data Structures and Algorithms (Prerequisite of which will be Programming Principles I with grade condition of B-)

3. CSCI 2303 Introduction to Computer Networks
4. INFT 2404 IT Systems: Hardware & Software
5. CSCI 3615 Database Systems
6. 6 ECTS must come from any SITE/INFT course listed in the third or fourth year of the BSCS curriculum. These may include both major core and technical elective courses.

Minimum of **24 ECTS** required from the following courses for **CS** students:

1. INFT 2404 IT Systems: Hardware & Software
2. INFT 3610 Business Process Modeling for IT Solutions
3. INFT 4732 Advanced Computer Networks
4. INFT 4834 Advanced Database Systems
5. INFT 3609 IT Project Management

Minimum of **24 ECTS** required from the following courses for **CE** students:

1. INFT 2404 IT Systems: Hardware & Software
2. INFT 4732 Advanced Computer Networks
3. CSCI3615 Database Systems
4. INFT 4834 Advanced Database Systems
5. INFT 2303 Systems Analysis & Design (needs to be taken as prerequisite for the next two courses)
6. INFT 3609 IT Project Management
7. INFT 3610 Business Process Modeling for IT Solutions

Second Career Track in Mathematics

Requirements are the same for all students from **all SITE** and **non-SITE** majors, except **SPIA**. The second career track in BSMATH will not be applicable for SPIA students.

A. **24 ECTS** from the following courses – meaning these are mandatory courses:

1. MATH 1201 Abstract Algebra
2. MATH 2300 Introduction to Number Theory
3. MATH 2444 Real Analysis
4. MATH 3600 Complex Analysis

B. **12 ECTS** from the following courses below:

1. MATH 2402 Introduction to Topology
2. MATH 3601 Functional Analysis
3. MATH 4703 Introduction to Algebraic Topology
4. DNSC 3501 Operations Research I
5. DNSC 3602 Operations Research II

- | | |
|--------------|------------------------|
| 6. MATH 2401 | Combinatorial Analysis |
| 7. MATH 2306 | Group Theory |

School of Education

Second Career Track in Teaching and Learning

36 ECTS required from the following courses:

- | | |
|--------------|---|
| 1. CIAS 5152 | Curriculum & Assessment |
| 2. MIDS 5206 | Inquiry II: Course Planning & Evaluation |
| 3. CIAS 5151 | Fundamentals of Effective Teaching & Learning |
| 4. CIAS 5251 | Developing Effective Teaching Methods |
| 5. PDEV 5150 | Pre-Practicum in Teaching |
| 6. PDEV 6300 | Micro-Teaching |

Final Exam/Assignment Retake Policy

Final exam/assignment retake policy serves to support the students' timely graduation. This policy allows retake of the final exam/assignment for students who meet all criteria listed below:

- Student must be eligible to graduate after the grade is resolved for the relevant course.
- Final exam/assignment retake can be applied only to one course during a degree program.
- Final exam/assignment retake can be applied only to a course where final course grade is below C.
- Final exam/assignment retake is possible only if the relevant course or its substitute is not offered in the following semester or term.
- This policy is not applied to final projects like Capstone/Thesis or its equivalent.

Student can apply for final exam retake only after all grades have been posted for the courses that he/she took in relevant semester. Student must submit Final Exam/Assignment Retake Form to the academic advisor. Dean's approval is required for exam retakes.

Retake exam must be arranged and graded by the course instructor within seven working days after the approved Final Exam Retake Form is submitted to the advisor. Retake exam grade replaces overall course grade and cannot be more than C. Highest grade will be included into GPA.

Glossary

Academic unit: A free-standing school or the University Library; the academic units are the School of Public and International Affairs, School of Business, School of Information Technologies and Engineering, School of Education, School of Law and the University Library.

Active Status: A student is considered to have active status with the University when one of the following criteria has been met; is enrolled in courses, is enrolled in an exchange program, has arranged a Temporary Leave for a semester or is taking classes through another institution while on a Permit to Study. Students no longer have active status with the University when they withdraw, are academically dismissed or fail to enroll in a subsequent semester without arranging a Temporary Leave or Permit to Study. Students who fail to enroll in a subsequent semester and do not arrange a Temporary Leave or Permit to Study will be Administratively Separated from the institution.

Excused Absences: Students may receive an excused absence from class or exam attendance for reasons that include, but are not limited to, major religious holidays, a medical reason, participation in ADA University off – campus activities that are required and related to another class, or a family emergency. Instructors may require documentation for excused absences.

Documented Disabilities: Students who provide documentation of a disability may request reasonable accommodations in the Office of Disability and Inclusive Education (ODIE). Examples of disabilities for which accommodations may be provided include learning disabilities, Autism Spectrum Disorders, Attention Deficit Hyperactivity Disorder, Deaf and hearing impaired, blind, and visually impaired, as well as medical, psychological, and physical disabilities. Students may enter the University with or without identifying their disability in the admissions process. All students who believe they may qualify for disability accommodations are encouraged to visit the ODIE to make an appointment with a counselor.

Teaching Unit: A program, institute, or center within an academic unit.
