I. SUMMARY

A. MAJOR OBJECTIVES AND QUESTIONS OF PROGRAM MONITORING

Describe major objectives and key questions that guided the process of program assessment during the academic year covered by this report.

B. MAJOR RESULTS OF PROGRAM MONITORING

Summarize major outcomes of the process of program assessment during the academic year covered by this report. This may cover both program strengths and weaknesses.

C. RELATIONSHIP TO THE PRECEDING PROGRAM ASSESSMENT

Describe how the program assessment conducted during the academic year covered by this report (as well as its results) relate to the results of the program assessment conducted during the preceding academic year (if applicable).

D. STATUS OF THE PROGRAM IMPROVEMENT PLAN

Describe how the program assessment conducted during the academic year covered by this report relates to the improvement plan developed during the latest program review (if applicable).

II. PROGRAM ASSESSMENT

Name program components, aspects and outcomes that were assessed (such as student performance, learning outcomes, or course title). Describe major assessment results and identify opportunities for improvement (if any). Describe how these improvements were, are or will be implemented as well as specific objectives to be achieved.

NOTE: Program components, aspects and outcomes that need to be assessed in particular are mentioned in chapter 5.1.c of the *Degree Program Monitoring and Review Policy*.
